## How do Prairie Animals Survive Winter?

Record the animals you find. Decide which method they use to survive winter, and write more information about what the animal does in that box. Use descriptions, illustrations and numbers.

### Hibernate

Where? How does it prepare?

### Migrate

Where does it go? How does it travel?

### Stay Here & Stay Active

How does it find food? Does it eat different things? Store food? How does it keep warm? Does it change its appearance?

### Winter as Egg or Larva

What life stage? Where does it hide?
